

FITNESS TRAINER TECHNICIAN

61 credit Associate in Applied Science
available online

THE PROGRAM

The Fitness Trainer Technician program is an Associate in Applied Science (AAS) degree available on campus or online to maximize access and flexibility for students. The program is built on ACSM Standards and provides courses that include both theory and practical application. They will provide you with the skills, knowledge, and abilities necessary for working as a personal trainer. The Fitness Trainer Technician program is designed to meet the following objectives:

- Promote community fitness/health activities.
- Evaluate and monitor client exercise programs.
- Incorporate effective nutrition education into fitness plans.
- Instruct safe equipment use and modifications.
- Stay updated on fitness/nutrition research.
- Assist clients with basic dietary plans to enhance services.

ADVISORS/TRiO & PowerSkills

Knowledgeable advisors will help you create a class schedule and choose electives to build strong foundations for upper division coursework and to meet transfer requirements.

TRiO & PowerSkills is an **advising, tutoring, and proctoring resource for everyone**, as well as disability services.

A FULLY ACCREDITED PROGRAM

Lake Region State College's Fitness Training Technician (FiTT) Program is accredited under the Commission on Accreditation of Allied Health Education Programs (CAAHEP).

CHOOSE YOUR PATH

If you want to enter a 4-year college or university after LRSC, you should do your research.

- Gather catalogs from your 4-year choice schools.
- You and your advisor can create a course plan.
- Work with your advisor to meet prerequisites with your electives for the AA or AS degree.
- Check with Student Services about transfer agreements LRSC has with your 4-year choice.

According to the Bureau of Labor Statistics, students may want to consider earning a bachelor's degree in exercise science, physical education, kinesiology, or related area, in addition to experience in management positions in a health club or fitness center. We recommend that you complete the Associate in Arts (AA) degree in addition to your AAS in Fitness Trainer Technician.

TIPS FOR STUDENT SUCCESS

1. GET ACQUAINTED WITH YOUR ACADEMIC ADVISOR during the first two weeks of school. Your advisor will help you select courses that meet core requirements and also support your transfer.

2. SCHEDULE TIME WITH YOUR ADVISOR immediately after term schedules is published to choose courses for upcoming semesters.

3. SAVE MONEY BY CARRYING A HEAVIER COURSE LOAD. Discuss with your advisor if a heavy course load works for you and your schedule. (Tuition & fees cap at 12 and 16, respectively. Other fees may apply and online courses are not included.)

CAREER OPTIONS

Program graduates will enter the workforce and play an invaluable role in promoting healthy living by advocating for proper nutrition and increased physical activity. **The Fitness Trainer Technician program is the only nationally accredited online program of its kind.**
